

# Saif Ali

## Senior Frontend Developer

warsivorlox@gmail.com | 09370084757

## PROFILE

Frontend Developer with **5 years** of experience in Frontend Development. Specialized in building scalable, high-performance web applications using **HTML5, CSS, JavaScript, TypeScript, Angular**. Strong experience in developing reusable UI components and integrating REST APIs. Proven ability to optimize performance, enhance user experience, and **deliver enterprise-grade SaaS and e-commerce applications**.

---

## CORE SKILLS

**Frontend Technologies:** HTML5, CSS/SCSS, JavaScript (ES6+), TypeScript, Angular

**Frameworks & Libraries:** Angular, RxJS, NgRx, Angular Material, PrimeNg, Bootstrap

**Tools:** Jira, Git, Figma, VS Code, Cursor, Codex

**Concepts:** REST API Integration, State Management, Payment Gateway Integration (Razorpay), Performance Optimization, Knowledge of Testing Frameworks (Jasmine & Karma)

---

## PROFESSIONAL EXPERIENCE

### Tradexa Technologies – Senior Frontend Developer | 2020 – 2026

- Developed and maintained scalable Angular applications for **SaaS platforms**, healthcare dashboards, and **live e-commerce applications**.
- Led frontend development for data-driven applications, implementing complex UI components such as tables, dashboards, and dynamic forms.
- Improved application performance by reducing unnecessary API calls, optimizing change detection, and enhancing UI rendering efficiency.
- Collaborated closely with **backend, UI/UX, and QA teams** to deliver high-quality, production-ready features.
- Contributed to code reviews and followed **best practices** for scalable frontend development.

---

### Katalyst Technologies – Software Developer | 2019 – 2020

- Developed responsive web applications using **HTML, CSS, JavaScript, and exposure to Angular**.
  - Worked on UI implementation based on client requirements and design specifications.
  - Collaborated with backend and QA teams to ensure seamless integration and bug-free delivery.
  - Gained hands-on experience in Agile development and team collaboration.
- 

### Varahi Technologies – UI Developer | 2018 – 2019

- Designed and developed **responsive web interfaces** using HTML, CSS, JavaScript.
  - Created visually appealing UI layouts aligned with user experience principles.
  - Improved cross-browser **compatibility and UI consistency across multiple projects**.
  - Worked closely with UI designers to translate design concepts into functional UI.
- 

## KEY PROJECTS

### Hyper Inventory – Warehouse & Inventory Management

- Developed a **warehouse and inventory management system** as a SaaS platform for managing products and stock levels across multiple warehouses.
  - Implemented **CRUD operations** for inventory entities such as products, categories, stock entries, and warehouse records.
  - Integrated **REST APIs** for seamless data communication between frontend and backend services.
  - Implemented **filter-based table views** to enable quick search and data segmentation.
  - Applied **RxJS-based state management** for maintaining shared application data.
  - Optimized UI performance for handling large datasets efficiently.
- 

### Imaginext.co.in – B2C E-commerce Platform (Live)

- Developed **product listing, product details, category, and search** pages.
- Implemented **shopping cart** and checkout workflows with dynamic price calculations.
- Integrated **Razorpay payment gateway** for secure online payments.
- Implemented **JWT-based authentication** and route protection for authenticated users.

- Built reusable Angular components to **improve maintainability and code reuse**.
- Collaborated with backend developers to integrate payment, order management, and inventory APIs.

### **Medvise – Healthcare Monitoring Platform**

- Developed responsive dashboards for **health monitoring and data visualization**.
  - Integrated APIs for **displaying patient vitals, alerts, and activity tracking**.
  - Built reusable UI components for healthcare workflows and **data visualization**.
  - Ensured usability and accessibility for medical users.
  - Collaborated with cross-functional teams to ensure accurate and reliable data representation.
- 

## **EDUCATION**

- MCA (Master's Degree) – Bharati Vidyapeeth University
- BCA (Bachelor's Degree) – Invertis University
- Web Development Certification – NIIT
